WHEELER LAKES

FYI: The map on the reverse side is for general orientation, not for navigation. **P.S.** Give and get snow and trail updates at www.facebook.com/oriccolorado

WINTER TRAIL

Location: Eagles Nest Wilderness

White River National Forest **Near Copper Mountain**

Contact Info: Dillon District Ranger

> 970-468-5400 www.fs.fed.us/r2

Length: 2.92 miles one-way (est. mileage rounded to the nearest ¼ mile)

Time: The average person snowshoes apx.1 mile an hour. Adjust your time +/- based on terrain, snow conditions, wind speed, your skill and fitness levels and whether you are snowshoeing, skiing or hiking.

Elevation Gain/Loss: See trail profile on reverse side

Difficulty: Moderate to Strenuous (depending upon how far you go)

Activities: Snowshoeing, skiing and hiking (when there's not enough snow)

Season: December through March (Check www.oriconline.org for snow depths and

avalanche conditions)

Pets: Dogs must be on a leash not longer than six (6) feet in length

Permits: None required

From Denver: Take I-70 west to Copper Mountain. The trailhead is at the scenic

overlook just east of the Copper Mountain exit and north of I-70.

Maps: National Geographic Trails Illustrated Map #108E IMPORTANT: Stay found with the aid of a topographic map, a compass, a GPS receiver and the skill to use them.

Safety and Supplemental Info: ■ This is not a good trip for snowshoeing because of the lengthy, flat traverse along I-70 before you begin to climb to the north and get into the good stuff ■ Plan for shorter days in this season

Trail Description: Forest Development Trail # 60 (Gore Range Trail). The trail parallels I-70 for a while and does not gain much elevation. It soon leaves I-70 and begins to climb to the north. A spur trail leads you to Wheeler Lakes.

TIP: Contact the Dillon Ranger District for trail updates and snow conditions.

Highlights: ■ Views to the South are spectacular (they aren't too bad to the North, East and West either) Trail passes through an Aspen and lodgepole pine forest
